FEE FOR SERVICE PATIENTS

All of our cash pay customers are required to pay a \$95.00 deposit before being seen. This deposit is NOT your final bill. The final bill will be determined after a Provider sees you based on the Level of Service given, Procedures done, Shots, X-Rays, Labs, etc. You will be making a final payment when you check out based on the total bill. We are offering a 10% discount today for all cash pay customers with balances of over \$250.00.

I understand this policy and agree to pay my bill in full at check-out.

Patients Name or Guarantor

Date

On January 25rd, 2013 the new HIPAA Omnibus Final Rule went into effect. In short the ruling states that, at a patient's request, physicians may not disclose health care information to health plans if the patient has paid for services in full, unless the disclosure is required for treatment purposes or is required by law.

Patient gives authorization to submit all medical records related to this visit to Health Plans if requested .

Yes

NO

The final ruling is called; "*Modifications to the HIPAA Privacy, Security, Enforcement, and Breach Notification Rules Under the Health Information Technology for Economic and Clinical Health Act and the Genetic Information Nondiscrimination Act*"
